

Twinning

growing in Data Science and IT

TWICE

● building high tech success

"We chose Twinning because of its businesslike, modern look, easy accessibility and the ability to work at any time of the day or week. The building is open 24/7 and visitors can report to the reception desk."

Jurgen van der Vlist
CEO deepvortex

With its hubs, TWICE provides a particularly stimulating environment for young, innovative technology companies. Twinning is one of the hubs situated on the TU/e Campus.

'Where innovation starts' is the credo of the TU/e Science Park. TWICE offers next generation high tech companies space to grow faster: 'building high tech success'.

The campus of the Technical University of Eindhoven (TU/e) is a breeding ground for innovative ideas and the beginning of great collaborations. These require a stimulating environment with a great workspace as a basis. In this hub at the TU/e Campus you meet like-minded people. People working in the same field or industry.

In hub Twinning you find small-scale offices for high tech companies active in Data Science, AI, Blockchain, ICT and software.

In Twinning you work from the heart of technology development, with thousands of scientists within walking distance. All facilities are available on the TU/e Campus: such as research facilities, conference center, childcare, sports facilities and more.

Benefits of Twinning:

- A network of companies in Data Science and IT
- With BrainBloC data experience lab the hotspot for the new generation digital leaders
- Located on the TU/e Campus
- Close to the center of Eindhoven, highways and within walking distance of public transportation (station)
- High quality redundant ICT infrastructure
- Server room with server racks
- Emergency power grid and redundant fiber connections
- Office spaces from 25 to 500 m² (modular and scalable)
- Balanced ventilation system
- Central reception with telephone answering facilities
- Own parking garage
- Various facilities within walking distance (childcare, sports center, stores, etc).
- Shared facilities such as meeting rooms, pantries
- Various general facilities such as repro, mail facility
- Network of specialists who can support with growth
- Possibilities for growth: from a single workspace to a dedicated office
- TWICE Community

TWICE hubs

Building high tech success

Many high tech companies have already used our hubs. The success, growth and performance of these high tech organizations shows that TWICE offers an ideal breeding ground to accelerate business. Startups and scaleups can grow in an environment with high quality facilities, great flexibility, first class service and a nice community of innovative companies.

Our shareholders are the Brabant Development Agency (BOM), Eindhoven municipality, Eindhoven University of Technology, Brainport Development and Rabobank. Together with us, they ensure that companies in the Brainport region can flourish.
